

Villa Vista Concert Series

Our Concert Series started in 2012 when we decided to add a performance to the 11th N&F Christmas Home Tour. We sold out that first performance, borrowing chairs for the audience from the Kimberling Area Library. Dee pulled together some local musicians and friends from St Louis, to form our first performing ensemble. Our patrons have continued their strong support, allowing us to sell out 15 straight concerts, and generating substantial charitable contributions to our main sponsor – NFTRL.

Rick and I designed and built our home with a very large room, acoustically designed for performing music. *At Villa Vista we are committed to offering quality aesthetic listening experiences through music performance, to enrich the lives of residents and friends in the Table Rock Lake area.*

We offer a wide range of musical genre including classical, theater-opera, choral and show music. Our concert programs have recently expanded to include students and faculty from the music programs of Missouri State University & College of the Ozarks.

We truly believe:

“When words fail, music speaks”
